We know it is summer time! If you have schedule conflicts with any of these dates/times, please let Mr. Smith, your section leader, AND your instructional staff know in advance. Our goal is to have a lot more of the music and visual aspects of the show under our belt before school starts. This will be helpful in us finishing the show much sooner, and will allow for us to focus on other aspects of the program. You will find that you're less "overwhelmed" with us getting a head start on the show!
